Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 3-8, 11 and 21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 3, 7, 11 and 21, the scope of the claims becomes unclear. Namely, it is unclear whether or not the mating connectors are to be claimed in combination with the assembly. In claim 1, these features appear only in intended use/adapted to statements and therefore have not been positively claimed.

Allowable Subject Matter

Claims 1, 9, 10, 12-20 and 22 are allowed.

Claim 3-8, 11 and 21 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed August 11, 2005 have been fully considered but they are not persuasive.

Addressing the 112 second paragraph rejections: although the "for" language has been taken out of claim 1, the mating connectors are still not being positively claimed

(they now appear in "adapted to" statements) and therefore, can not be further defined without raising scope problems.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
